Outside the Nutshell John Coyle,Professor John Coyle,2011-03 We need to recognise we are all facing new challenges and work environments. Our world is changing ever-faster, and these changes are not limited to the introduction of 'agile working', 'speed to market', 'strategic partnerships' and 'globalisation'. So, on the basis that we could all do right now with 'that little bit more' assistance to help us approach these new challenges, John Coyle set about trawling his extensive experience for those things most likely to make the biggest difference - and remind you of things that you had probably forgotten you knew. John Coyle is a seasoned 'pro' who obviously relishes this chance to share his extensive experience of delivering successful projects in a corporate environment in a most useable, provocative and humorous way. In this 'must read' book, John encourages you to think about, plan and execute your own personal development and achieve a satisfactory work / life balance - whilst at the same time entertaining with anecdotes, and serving up a generous portion of 'hints and tips that work' to enable you to deliver that vital project.
