Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Pearls from Arabia Mohammed Mahfoodh Al Ardhi, 2010 Pearls from Arabia is a collection of beautiful words spoken by the Prophet Mohammed (PBUH) around 15 centuries ago. The reflective and inspirational words will direct the reader to the simple, peaceful, and honorable aspects of life, which all humans need, but which are all too often buried by the multiple layers and pressures of contemporary living. Each page contains a single aphorism.

Arabs Down Under Mohammed Mahfoodh Al Ardhi, 2008 Ibrahim, a freelance journalist from Arabia, has always been deeply aware of his rich Arabian heritage and history but has become disillusioned and disheartened by the seemingly incessant onslaught of Western suspicion, abuse and adverse media attention thrust upon his people. To Ibrahim and his family, it seems as if Western paranoia and prejudice against the Arab has become set in stone. It is to escape this climate of hostility that Ibrahim decides to take his wife, two sons and three daughters on a holiday away from the heat of the Middle Eastern summer and visit an old journalist friend, Mark, a staunch Englishman who has retired to New Zealand. There, they could assimilate a new culture, meet new people with new ideas, and see a land seldom visited by their fellow Arabs and which has therefore remained untouched by the long tentacles of the Islamic extremist. In the weeks that follow, Ibrahim discusses with his old friend the ticklish questions of Western misconception, misunderstanding and

the perceived inequalities of his race. Together they are able to dispel the myths and identify the areas of ignorance that prevail in the West and which do so much damage to the image of the Arab. Above all, Ibrahim is able to nurture within his young teenage offspring the seeds of a brighter future, one within which peace and reconciliation between the worlds of Islam and the West are of paramount importance.

Many Kingdoms Elizabeth Garver Jordan, 1908 At the beginning of her breakdown the intervals between intelligent consciousness and insanity had been long. She was herself, or was able to keep herself fairly in hand, the greater part of the time, and chaos, when it came, lasted only for a few days or weeks. Recently this condition had been reversed. She had lost knowledge of time, but she felt that centuries must have passed since those last flying, blessed hours when she knew herself at least for what she was. She grasped now at her returning reason, with a desperate, shuddering little moan, which she quickly stifled.

Over the Spectrum Philip Williams, 2022-08-08 Over the Spectrum was first published in 1982 and at the time was considered one of the best introductions to programming on Sir Clive Sinclair's incredible new home computer. Many who went on to have long careers in the computer industry started with the programs in this excellent book. As such it is not only a great re-print for purposes of nostalgia, but also a practical and helpful guide to anyone interested in the programming of retro games. As Personal Computer World stated at the time: * * * Final entrant in the Spectrum stakes is Melbourne House's OVER THE SPECTRUM, and for me it runs out the clear winner. Not a teach-yourself-programming guide, it is a collection of programs: each program has a detailed breakdown of exactly what happens when and how it's all achieved. The listings are not trivial, and the result is well worth the effort. The book is liberally illustrated showing screen displays for almost all the programs so you know what you are trying to achieve at the outset. As a demonstration of what can be achieved using the Spectrum's User Defined Characters this book cannot be faulted, and although it contains no programming hints as such, a diligent reader is going to learn a lot about the Spectrum by working his or her way through it. Take a bow gents, and give us more. * * * Acorn Books is proud to present its Retro Reproductions series, a collection of classic computing works from the 1980s and 90s, lovingly reproduced in the 21st century. From standards of programming reference no self-respecting microcomputer programmer would be without, to obscure works not found in print anywhere else, these modern reprints are perfect for any connoisseur of retro computing.
