Multimedia Storytelling for Digital Communicators in a Multiplatform World Seth Gitner, 2022-07-12 Now in its second edition, *Multimedia Storytelling for Digital Communicators in a Multiplatform World* is a trusted guide for all students who need to master visual communication through multiple media and platforms. Incorporating how-to's on everything from website and social media optimization to screenwriting, this textbook provides readers with the tools for successfully merging new multimedia technology with very old and deep-rooted storytelling concepts. Topics covered include: how to understand conflict, characters, and plot development; conducting successful interviews; editing video in post-production; and sourcing royalty-free music and sound effects. The book also includes a range of supplemental material, including exercises for each chapter, interviews with seasoned professionals, key terms, and review questions. New to this edition are thoroughly updated chapters on social media storytelling, visual storytelling with mobile devices, and post-production techniques, to reflect current industry trends. This book is a key resource for students learning to think and create visually in fields across broadcast and digital journalism, film, photography, advertising, and public relations.

The Routledge Companion to Media and Human Rights Howard Tumber, Silvio Waisbord, 2017-07-14 *The Routledge Companion to Media and Human Rights* offers a comprehensive and contemporary survey of the key themes, approaches and debates in the field of media and human rights. The Companion is the first collection to bring together two distinct ways of thinking about human rights and media, including scholarship that examines media as a human right alongside that which looks at media coverage of human rights issues. This international collection of 49 newly written pieces thus provides a unique overview of current research in the field, while also providing historical context to help students and scholars appreciate how such developments depart from past practices. The volume examines the universal principals of freedom of expression, legal instruments, the right to know, media as a human right, and the role of media organisations and journalistic work. It is organised thematically in five parts: Communication, Expression and Human Rights Media Performance and Human Rights: Political Processes Media Performance and Human Rights: News and Journalism Digital Activism, Witnessing and Human Rights Media Representation of Human Rights: Cultural, Social and Political. Individual essays cover an array of topics, including mass-surveillance, LGBT advocacy, press law, freedom of information and children's rights in the digital age. With contributions from both leading scholars and emerging scholars, the Companion offers an interdisciplinary and multidisciplinary approach to media and human rights allowing for international comparisons and varying perspectives. *The Routledge Companion to Media and Human Rights* provides a comprehensive introduction to the current field useful for both students and researchers, and defines the agenda for future research.

Like, Comment, Subscribe Mark Bergen, 2022-09-06 The gripping inside story of YouTube, the company that upended media, culture, industry, and democracy—by a leading tech journalist Across the world, people watch more than a billion hours of video on YouTube every day. Every minute, more than five hundred additional hours of footage are uploaded to the site, a technical feat unmatched in the history of computing. YouTube invented the attention economy we all live in today, forever changing how people are entertained, informed, and paid online. Everyone knows YouTube. And yet virtually no one knows how it works. *Like, Comment, Subscribe* is the first book to reveal the riveting, behind-the-scenes account of YouTube's technology and business, detailing how it helped Google, its parent company, achieve unimaginable power, a narrative told through the people who run YouTube and the famous stars born on its stage. It's the story of a revolution in media and an industry run amok, how a devotion to a

simple idea—let everyone broadcast online and make money doing so—unleashed an outrage and addiction machine that spun out of the company's control and forever changed the world. Mark Bergen, a top technology reporter at Bloomberg, might know Google better than any other reporter in Silicon Valley, having broken numerous stories about its successes and scandals. As compelling as the very platform it investigates, Like, Comment, Subscribe is a thrilling, character-driven story of technological and creative ingenuity and the hubris that undermined it.
