Perfect English Ros Byam Shaw, 2018-07-10 The English style in interior design is admired and imitated the world over. The English style in interior design is admired and imitated the world over. At its grandest it is a stately home furnished with antiques, but the houses featured in this book are country cottages, farmhouses, townhouses, and apartments. What links them is as much an attitude as a look. The English style of decoration is practical and informal, designed around the inhabitants of the rooms and their lifestyles rather than to awe or impress. These houses are lived in and loved, with interiors that are comfortable, relaxed and not afraid to be pretty. All are perfect in their own way, and all as endearingly English as saying sorry when someone treads on your foot. The book's chapters—Plain English, English Eccentric, English Rose, English Country House and Classic English—reflect the many and varied facets of English style, and each section ends with pages

devoted to suggestions and ideas for furnishing a house in all these versions of English style. At the back of the book, there is also a comprehensive listing of suppliers to help readers create their very own take on perfect English style.

Making a House Your Home Clare Nolan, 2011-12-08 Lavishly illustrated with over 300 photographs, Making Your House a Home includes chapters on Chaos to Calm, Making the Most of What You've Got, and Be a More Considered Shopper, plus expert advice on how to avoid needless stress and expense.
