**The Captives of Abb's Valley** James Moore,2012-12 A tragedy of Virginian colonial frontier In the summer of 1786 a large war party of Shawnee Indians entered Abb's Valley, Virginia, and descended on the household of militia officer Captain John Moore which included members of his immediate family together with hired labourers. The family occupied a substantial log building and were well armed, so Moore believed that his family was well placed to fight off a small Indian attack. The nearest homestead was six miles away and Moore, relying on his own abilities, thought it unnecessary to follow the example of neighbours by taking refuge in the nearest fort. The attack achieved complete surprise and Moore was killed before he could reach the safety of the house. What followed was an appalling, but typical, Indian massacre of the colonial period frontier in the 18th century. Various family members, young and old, were slaughtered on the spot, the property was set alight and a substantial herd of livestock was taken. Surviving members of the Moore family were taken as captives to the Indian townships, several of them being murdered on the journey. Once the survivors reached the Indian village there followed another period of torture which for Mrs. Moore and a teenage daughter proved fatal. Two young women survived their ordeals to eventually be ransomed. The story of this notable frontier tragedy was written by James Moore, a son of Mary Moore, who was one of the two ransomed captives. This a vital account of the struggles endured by the early settlers of the American wilderness and will be of essential interest to anyone interested in the early history of the state of Virginia. Leonaur editions are newly typeset and are not facsimiles; each title is available in softcover and hardback with dustjacket; our hardbacks are cloth bound and feature gold foil lettering on their spines and fabric head and tail bands.

Post-communist Studies And Political Science Jr. Fleron,Erik P Hoffmann,2019-08-15 Serious stock-taking is in progress now among practitioners of what has been called Sovietology, meaning studies of the Union of Soviet Socialist Republics. The reason is that the field for the most part had not been expecting what happened in 1991: The USSR collapsed and went out of existence as a unified state system governing a sixth of the world's territory, having allowed its East European empire to free itself from Soviet dominance somewhat earlier. It might be said in defense of Sovietology that, by the beginning of the 1980s, it understood that economic and political crises were brewing in the Soviet Union and its outer empire. But the field as a whole failed to grasp the full depth of the systemic crisis in Soviet Russia and the destructive or self-destructive potentialities inherent in it. As the editors of this valuable volume write in the Introduction: Sovietology was not prepared for perestroika and postcommunism.

**The War in Their Minds** Svenja Goltermann,2020-08-27 Historians are increasingly looking at the sacrifices Germans had to make during World War II. In this context, Svenja Goltermann has taken up a particularly delicate topic, German soldiers' experience of violence during the war, and repercussions of this experience after their return home. Part I of her book explores the ways in which veterans' experiences of wartime violence reshaped everyday family life, involving family members in complex ways. Part II offers an extensive analysis of the psychiatric response to this new category of patient, and in particular the reluctance of psychiatrists to recognize the psychic afflictions of former POWs as constituting the grounds for long-term disability. Part III analyzes the cultural representations of veterans' psychic suffering, encompassing the daily press, popular films, novels, and theater. Originally published in German as *Die Gesellschaft der Überlebenden*, *The War in Their Minds* examines hitherto unused source material—psychiatric medical files of soldiers—to make clear how difficult it was for the soldiers and their families to readjust to normal, everyday life. Goltermann allows these testimonies of violence, guilt, justification, and helplessness speak for themselves and sensitively explores how the pension claims of returning soldiers were to compete with the claims of the Holocaust victims to compensation.
