*Twelve Years a Slave* Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**Handbook of Climate Change and Agroecosystems** Daniel Hillel, Cynthia Rosenzweig, 2011 The portending process of climate change, induced by the anthropogenic accumulations of greenhouse gases in the atmosphere, is likely to generate effects that will cascade through the biosphere, impacting all life on earth and bearing upon human endeavors. Of special concern is the potential effect on agriculture and global food security. Anticipating these effects demands that scientists widen their field of vision and cooperate across disciplines to encompass increasingly complex interactions. Trans-disciplinary cooperation should aim to generate effective responses to the portending changes, including actions to mitigate the emissions of greenhouse gases and to adapt to those climate changes that cannot be avoided. This handbook presents an exposition of current research on the impacts, adaptation, and mitigation of climate change in relation to agroecosystems. It is offered as the first volume in what is intended to be an ongoing series dedicated to elucidating the interactions of climate change with a broad range of sectors and systems, and to developing and spurring effective responses to this global challenge. As the collective scientific and practical knowledge of the processes and responses involved continues to grow, future volumes in the series will address important aspects of the topic periodically over the coming years.

*Political Participation and Democratic Capability in Authoritarian States* Lien Pham, Ance Kaleja, 2023-05 This book provides an innovative theoretical and empirical exploration of the political participation and democratic capability of people living in authoritarian states. Merging perspectives from sociology and political science, the book demonstrates that despite autocratic restrictions on opposition, there is often still leeway for people to express themselves as political agents and to develop democratic capability. The first two chapters problematise political participation and develop an interdisciplinary three-domain framework that allows for critical engagement with and appreciation of the contexts and varied ways in which participatory activities occur. This framework is applied to analyse six country case studies: Singapore, Jordan, Belarus, Cuba, Nigeria, and Vietnam. Drawing on a range of data sources and different analytical entry points, the book investigates the substantive opportunities people have in exercising political agency and the implications for democratic capability. The book concludes by summarising the emergent themes and examining the potential of applying this method of inquiry in other political contexts. Encompassing both governmental and societal practices, the book offers insights into state-society relations and their role in constructing political values and goals for participation, which people negotiate and mediate to inform their choices, modes, and forms of civic engagement. These insights present a broad approach towards the study of participation, with relevance for understanding political participation in various societies under non-democratic and democratic rule alike. This book will be useful for researchers and students interested in political dynamics and intersections with economic, cultural, and social aspects of development. It will also be beneficial for practitioners interested in participatory actions and social change.

**Annual Report on China's Response to Climate Change (2017)** Weiguang Wang, Yaming Liu, 2019-11-01 This book is written by experts from Institute of Urban and Environmental Studies of the Chinese Academy of Social Sciences, and National Climate Center, this book provides an overview of China's effort to implement the Paris Agreement. In addition to measures put in place to reduce runoff in cities, improve flood risk management, promote decarbonization, and combat desertification, the book also addresses issues such as scientific assessment in relation to climate change, the implications of US domestic climate politics for China-US relations, and China's emerging leadership role in the post-Paris age. The volume is a must-read for anybody who wants to understand how China's aggressive climate adaptation policies help shape the country's growing weight in global climate governance.

**The Ballad of Sir Dinadan** Gerald Morris, 2008-10-06 The author of Parsifal's Page "interweaves action with sophisticated, wry humor and deft characterization to bring to life yet another medieval tale" (VOYA). Young Dinadan has no wish to joust or quest or save damsels in distress or do any of the knightly things expected of him. He'd rather be a minstrel, playing his rebec and writing ballads. But he was born to be a knight, and knights, of course, have adventures. So after his father forces his knighthood upon him, he wanders toward King Arthur's court, in the company of a misguided young Welsh lad named Culloch. There Dinadan meets Sir Kai and Sir Bedivere, and the three find themselves accompanying Culloch on the worst sort of quest. Along the way, Dinadan writes his own ballads, singing of honor, bravery, loyalty, and courtly love—and becomes a player in the pathetic love story of Tristram and Iseult. He meets the Moorish knight Palomides, the clever but often exasperating Lady Brangienne, and an elvin musician named Sylvanus, along with an unusual collection of recreant knights and dimwitted defenders of chivalry. He learns that while minstrels sing of spectacular heroic deeds, honor is often found in simpler, quieter ways. "The humor ranges from subtle irony to scenes of pure comedy . . . a lighthearted introduction to the period." —School Library Journal (starred review) "Morris creates in Dinadan one of his most appealing protagonists. Written in accessible prose and laced with occasional magic, the novel moves at a quick pace and showcases a continually maturing hero." —The Horn Book "A witty tale of adventure and reflection." —Booklist

All the Way Home Patricia Reilly Giff,2012-03-28 It’s August 1941, and Brick and Mariel both love the Brooklyn Dodgers. Brick listens to their games on the radio in Windy Hill, in upstate New York, where his family has an apple orchard; Mariel, once a polio patient in the hospital in Windy Hill, lives in Brooklyn near the Dodgers’ home, Ebbets Field. She was adopted by Loretta, a nurse at the hospital, and has never known what happened to her own mother. Someday, somehow, she plans to return to Windy Hill and find out. When a fire destroys their orchard, Brick’s parents must leave the farm to find work. They send him to live in Brooklyn with their friend Loretta, even though Brick knows that their elderly neighbors need his help to pick what’s left of the apples. The only good thing about Brooklyn is seeing the Dodgers play-that, and his friendship with Mariel. Maybe, together, they’ll find a way to return to Windy Hill, save the harvest, and learn the truth about Mariel’s past.

**After Ever After** Jordan Sonnenblick,2012-05-01 Jeffrey isn't a little boy with cancer anymore. He's a teen who's in remission, but life still feels fragile. The aftereffects of treatment have left Jeffrey with an inability to be a great student or to walk without limping. His parents still worry about him. His older brother, Steven, lost it and took off to Africa to be in a drumming circle and find himself. Jeffrey has a little soul searching to do, too, which begins with his escalating anger at Steven, an old friend who is keeping something secret, and a girl who is way out of his league but who thinks he's cute.

*Among the Betrayed* Margaret Peterson Haddix,2002-06 Everything that had happened to Nina was real. She had real handcuffs on her wrists, real scars on her back, real fear flooding her mind. 'They're going to kill me,' Nina whispered, and it was almost a relief to finally, finally give up hope. In a society that allows no more than two children per family under penalty of death, third children are forced into hiding, or to live with false identity papers. In *Among the Impostors*, Nina Idi was arrested for treason for supposedly trying to trick the Population Police into arresting other students she said were illegal third children. Now she faces torture or death -- unless she agrees to betray three other imprisoned third children. Her dilemma intensifies when she meets the prisoners -- who are only ten, nine, and six. As she did so brilliantly in the Publishers Weekly best-selling *Among the Hidden* and in *Among the Impostors*, Margaret Peterson Haddix once again brings readers to a world in which nothing is as it seems -- a world in which an imprisonment leads to an adventure of mind, body, and spirit.
