Sculpture Workshops as Space and Concept Jane Fejfer,Kristine Bøggild Johannsen,2022-03-20 This book explores the multifaceted aspects of sculptor's workshops from the Renaissance to the early nineteenth century. Contributors take a fresh look at the sculptor's workshop as both a physical and discursive space. By studying some of the most prominent artists' sculptural practices, the workshop appears as a multifaced, sociable and practical space. The book creates a narrative in which the sculptural workshop appears as a working laboratory where new measuring techniques, new materials and new instruments were tested and became part of the lived experience of the artist and central to the works coming into being. Artists covered include Donatello, Roubilliac, Thorvaldsen, Canova, and Christian Daniel Rauch. The book will be of interest to scholars studying art history, sculpture, artist workshops, and European studies.

Southern Edwardseans Obbie Tyler Todd,2022-01-17 The founders and forerunners of the Southern Baptist Convention were fundamentally shaped by the thought of Puritan theologian Jonathan Edwards and his theological successors. While Baptists in the antebellum South boasted a different theological pedigree than Presbyterians or Congregationalists, and while they inhabited a Southern landscape unfamiliar to the bustling cities and tall forests of New England, they believed their similarities with Edwards far

outweighed their differences. Like Edwards, these Baptists were revivalistic, Calvinistic, loosely confessional, and committed to practical divinity. In these four things, Southern Edwardseanism lived, moved, and had its being. In the nineteenth-century, when so many Presbyterians scoffed at Edwards's innovation and Methodists scorned his Calvinism, Baptists found in Edwards a man after their own heart. By 1845, at the first Southern Baptist Convention, Southern Edwardseans had laid the groundwork for a convention marked by the theology of Jonathan Edwards.

Ass Goblins of Auschwitz Cameron Pierce, 2009-10 It's Monty Python meets Nazi exploitation in a surreal nightmare as can only be imagined by Bizarro author Cameron Pierce. In a land where black snow falls in the shape of swastikas, there exists a nightmarish prison camp known as Auschwitz. It is run by a fascist, flatulent race of aliens called the Ass Goblins, who travel in apple-shaped spaceships to abduct children from the neighboring world of Kidland. Prisoners 999 and 1001 are conjoined twin brothers forced to endure the sadistic tortures of these ass-shaped monsters. To survive, they must eat kid skin and work all day constructing bicycles and sex dolls out of dead children. While the Ass Goblins become drunk on cider made from fermented children, the twins plot their escape. But it won't be easy. They must overcome toilet toads, cockrats, ass dolls, and the surgical experiments that are slowly mutating them into goblin-child hybrids. Forget everything you know about Auschwitz...you're about to be Shit Slaughtered.

Eat the Cookie...Buy the Shoes Joyce Meyer, 2010-04-13 Engrained in our culture is the belief that unbending discipline is the only sure way to success. You must go to the gym five times a week, never order the dessert, and don't even think about buying that dress you keep staring at in the store window. Breaking from such a regimented lifestyle is a sign of weakness, right? Wrong!-and Joyce wants to tell us why. . . Though setting rules in our lives are important, it's just as important that we break them from time-to-time. Structure is a powerful tool, but when diverging from your own goals is seen as catastrophic, it can have a hugely negative effect on us. Balance is a core value in life and every once in awhile we deserve to indulge in a guilty pleasure or two. So don't feel bad about straying from your goals every once-in-awhile and in fact, embrace it: eat the cookie and buy the shoes!

Many Kingdoms Elizabeth Garver Jordan, 1908 At the beginning of her breakdown the intervals between intelligent consciousness and insanity had been long. She was herself, or was able to keep herself fairly in hand, the greater part of the time, and chaos, when it came, lasted only for a few days or weeks. Recently this condition had been reversed. She had lost knowledge of time, but she felt that centuries must have passed since those last flying, blessed hours when she knew herself at least for what she was. She grasped now at her returning reason, with a desperate, shuddering little

moan, which she quickly stifled.
