Kennedy, 2018-10-17 This book is about bettering your odds on playing High Limit Slot Machines. There is a myth that you can't make money on slot machines. However, over the years through trial and error, I have discovered a system that has been working for me over several years that has helped me produce almost a million dollars in hand pay jackpots. A system that I have expressively shared in this informational guide. All this information is based on my own personal gambling experiences in various casinos' around the USA. **Not Just Another Slot Machine Strategy System** Greg Elder, 2012 The bad news is there is no secret system that exists where you can beat the casinos playing slot machines. The good news is there is a system (for some reason people love the word system when it comes to gambling methods, so I'll stick with it), where you can leave the casino with money in your pocket, and not

have that empty hollow feeling inside because you just lost more money than you can afford to lose. This is where I come in. With the system I've developed, you can still play slot machines and have a good time, but using these methods, you're more than likely going to come home with some money.
