

Sniperv 69857

Peter Brookesmith

The Master Sniper Stephen Hunter,2010-08-18 In the death throes of World War II, one man is still at war, and he's got got the world's deadliest weapon in his hands . . . With a sniper's rifle he has calmly executed hundreds of enemy soldiers in a single battle, and gunned down thousands of innocent civilians in a single day, waiting patiently for the barrel of his gun to cool before resuming his craft . . . It is the spring of 1945. And Repp, the master sniper, is about to carry out his final mission—even as Germany's enemies overrun it, even while a tired, disorganized team of American and British agents tries everything in its power to stop him. Because for Repp, this is the one job at which he cannot fail. For this time, he possesses the ultimate killing tool. And with it, he will commit the ultimate crime. . . . Praise for The Master Sniper “Mesmerizing suspense.”—Kirkus Reviews “Hunter is a deft craftsman with a sure sense of pace and scene. He also knows about irony and sprinkles just a bit over every corpse.”—The Washington Post “Stephen Hunter is the best writer of straight-out thrillers working today.”—Rocky Mountain News

Sniper Peter Brookesmith,2001-04-22 Tracing the role of the sniper from the time of the English Civil War and the American Revolution to the Gulf War and Bosnia, this book also goes behind the scenes at the world's top sniper schools and includes real-life anecdotes and detailed information on sniper rifles and ammunition. 100+ color and b&w photos.

Navy SEAL Sniper Glen Doherty,Brandon Webb,2017-01-03 The sniper is a battlefield threat second to none. Mastering the art of marksmanship is critical but is only part of what makes a Navy SEAL sniper. Snipers must be able to apply the craft in an urban environment or alone on a hostile mountain top with equal effectiveness. Today's sniper must not just leverage technological advances but also have the foreknowledge to select the best rifle and gear for the mission. Increasingly, he must have the mental toughness to adapt to a constantly changing environment, gather intelligence, and truly act as a force multiplier. In this comprehensive look through the eyes of former Navy SEAL sniper instructor Brandon Webb and fellow Navy SEAL snipers Chris Kyle and Glen Doherty, the authors reveal not just the fundamentals of marksmanship but also the science of shooting, stalking, and camouflage and how technological advances have changed the training and increased the effectiveness of the modern sniper. Including maritime, helicopter, and urban sniper operations, this updated edition also goes into detail on the latest research, development, testing, and evaluation of weapons and optics. From the basics like compensating for wind and bullet drop, to camouflage and placing yourself or your team in the best position to take a photo or pull a trigger, Webb and Doherty cover the critical elements that comprise the twenty-first century sniper.

Sniper Gina Cavallaro,Matt Larsen,2010-09-01 Heart-pounding real-life tales from the military's most experienced snipers, the best of the best snipers in action today. Gunfights, long distance shots, stalking, and more.

To Be a Military Sniper Gregory Mast,Hans Halberstadt,2007-12-15 The training and character that make for success in one of the most challenging and mysterious jobs the military has to offer, clearly described and illustrated.

Vietnam, the Making of a Sniper Jerry Melvin Mitchem,2010 No other single force in Vietnam put as much fear into the hearts of the enemy nor gained his respect more than the American snipers. This is a story about one such Marine sniper team, in 1964/65 Delta-Two- Foxtrot who helped blazed the trail, gave their best, who hunted the enemy in its own back yard, took out assigned targets without the Viet Cong knowing they were present. Who was feared, hated and yet respected by the Viet Cong. The sniper team was hunted and chased for days and used every trick they knew to get back to base alive. Some teams made it back and still some brave heroes didn't. Semper Fi

Shooter Sgt. Jack Coughlin,Casey Kuhlman,Donald A. Davis,2007-04-01 The phenomenal New York Times bestseller Shooter captures a professional sniper's life, both on the battlefield--where he has racked up more than 60 confirmed kills--and off. Jack Coughlin is the Marine Corps' top-ranked sniper, the man who personally brings America's military muscle to the enemy's front door. In twenty years of active service, he has accumulated one of the most impressive records in the Corps, ranging through many of the world's hot spots. During Operation Iraqi Freedom alone, he recorded at least thirty-six kills, thirteen of them in a single twenty-four-hour period. In Shooter, Coughlin has written a highly personal story about his deadly craft, taking readers deep inside an invisible society that is off-limits to outsiders. This is not a heroic battlefield memoir, but the careful study of an exceptional man as he carries forward one of the deadliest legacies in the U.S. military.

I, Sniper Stephen Hunter,2009-12-15 Bob Lee Swagger, former Marine Corps sniper, is back. And this time Swagger's facing an adversary whose trigger finger may be even faster than his own. When four famous 1960s radicals are gunned down, including the wife of an international media mogul, it would appear to be an open-and-shut case. A wealth of evidence ties the chief suspect, retired Marine sniper Carl Hitchcock, to the murders. Holder, until recently, of the record number of kills in Vietnam and anxious to reclaim his title, Hitchcock's subsequent suicide would seem to confirm his guilt. But FBI assistant director Nick Memphis has his doubts - and calls on former Marine Corps sniper Bob Lee Swagger to investigate. As Swagger digs deeper, it becomes clear that matters are more complicated than would initially appear. The shots were not executed with the scope of a 1972 rifle, Hitchcock's weapon of choice, but by a high-tech scope used by active Marines. But as Swagger starts to unravel the tangled web of connections surrounding the murders, he finds his own days may be numbered. Because he's about to face one of his most ruthless adversaries yet - a sniper whose keen intellect and pinpoint accuracy rivals his own. The end result will be a bloody confrontation that only one of them can survive. What people are saying about I, Sniper: ‘Stephen Hunter's I, Sniper brings back one of the great characters in modern thrillerdom, Bob Lee Swagger, everyone's favourite lethal, dour Southerner. I kind of want Swagger to meet up with Lee Child's Jack Reacher one day, in a contest to see who could say the least while doing the most damage.’ Malcolm Gladwell ‘The tension never lets up’ New York Times ‘Stephen Hunter is an Elmore Leonard on steroids’ John Sandford ‘As all Bob Lee fans know, it comes down to 'straight killing time.' And so it does, in a ramped-up, high-tech High Noon finale. As always, Hunter makes it work with precise, detail-rich prose that strips the faux glamour from gun fighting and leaves only the skills of the combatants set against the horrors they wreak.’ Booklist ‘Hunter is back at the top of his game.’ Publisher's Weekly ‘In his guns-a-poppin' latest, Hunter pits his series hero against a nest of sharp-shooting vipers. Dust off the OK Corral. Even the somewhat squeamish, and even certifiable gun-dummies, may once again find chivalric, heroic Bob Lee just about irresistible.’ Kirkus Reviews ‘Hunter's thrillers are always taut, exciting, and well written, and his latest is no exception. There's also a lot of gun and tech talk as Swagger uses decades' worth of skills to stay a step or three ahead of the baddies. Swagger fans will not be disappointed.’ Library Journal 'Hunter has a unique writing style that thrills and captivates from the opening scene to deliver an exciting whodunit' The Sun ‘Stories of passion, guilt and redemption that jump right off the page and smack the reader clean between the eyes’ Independent on Sunday ‘American hardboiled at its very best, full of taciturn and stoical characters and plotting in explosive overdrive’ The Times ‘Hunter choreographs the violence in steely prose and Swagger ... remains one of crime fiction's most engaging heroes’ Irish Independent

13 Cent Killers John Culbertson,2007-12-18 “It's not easy to stay alive with a \$1,000 bounty on your head.” In 1967, a bullet cost thirteen cents, and no one gave Uncle Sam a bigger bang for his buck than the 5th Marine Regiment Sniper Platoon. So feared were these lethal marksmen that the Viet Cong offered huge rewards for killing them. Now noted Vietnam author John J. Culbertson, a former 5th Marine sniper himself, presents the riveting true stories of young Americans who fought with bolt rifles and bounties on their heads during the fiercest combat of the war, from 1967 through the desperate Tet battle for Hue in early '68. In spotter/shooter pairs, sniper teams accompanied battle-hardened Marine rifle companies like the 2/5 on patrols and combat missions. Whether fighting their way out of a Viet Cong “kill zone” or battling superior numbers of NVA crack troops, the sniper teams were at the cutting edge in the art of jungle warfare, showing the patience, stealth, combat marksmanship, and raw courage that made the unit the most decorated regimental sniper platoon in the Vietnam War. Harrowing and unforgettable, these accounts pay tribute to the heroes who made the greatest sacrifice of all—and leave no doubt that among 5th Marine snipers

uncommon valor was truly a common virtue.

Soldier of Fortune Magazine Guide to Super Snipers Robert K. Brown,Vann Spencer,2013-10-08 Becoming an elite sniper involves more than learning how to shoot. Snipers need to know how to judge terrain, wind, and sometimes even the curve of the Earth. They train their eyes to spot enemy movement in the distance and to never hesitate. A sniper is more than a finger behind a trigger; he is a scout, a scientist, a strategist, and the support group for a platoon. Soldier of Fortune Magazine Guide to Super Snipers brings you into the world of some of the most accomplished snipers. From Finland to Iraq, Korea to Somalia, Soldier of Fortune Magazine provides stories from the eyes of the snipers who made the kills. These trained marksmen describe their method of taking the perfect shot, all the way down to the type of chewing tobacco they prefer. Some of the super snipers in this collection include: Major Charles Greene Sergeant Dan Mills Gunnery Sergeant Jack Coughlin Chris Kyle Robert K. Brown And many more! Every sniper—just like every situation that calls for a sniper—is unique, and Soldier of Fortune Magazine Guide to Super Snipers will show you every step of the way, as you find the target, narrow the scope, and take the shot.

The Sniper at War Michael E Haskew,2012-07-18 The Sniper at War looks at the impact and role of the sniper from the American Revolutionary War to the present day. Packed with first hand accounts from snipers and those who have faced them, this is the definitive guide to these secretive and deadly individuals and the role they have played in battle over the last three centuries.

Stalkers and Shooters Kevin Dockery,2007-07-03 Now in paperback! From the author of the Navy SEALs Oral History series-an intimate look at the world's most efficient and deadly warriors. Snipers have a rich history. This fascinating book follows their tasks and techniques from the Revolutionary and Civil Wars through both World Wars, to the Korean War and Vietnam-the genesis of modern sniping-to the current conflicts in the Middle East. Also, readers will see how sniping has evolved on the civilian side in law enforcement. Readers will learn about the tools of the trade, but most importantly, they will hear from the experts themselves: military snipers, as well as civilian police and SWAT snipers. Capturing the suspense and action of the hunt, the words of these men draw readers into the close-knit, little-known world of men who need only one bullet to get the job done.

The Kyle Swanson Sniper Series, Books 1-3 Sgt. Jack Coughlin,2016-12-20 Jack Coughlin, the Marine Corps' top-ranked sniper and author of New York Times bestseller Shooter, follows Gunnery Sgt. Kyle Swanson's action-packed top secret missions in the Middle East in the Kyle Swanson Sniper Series, Books 1-3. In Kill Zone, Kyle Swanson receives orders to mount a top secret mission to rescue an American general captured in the Middle East by terrorists who threaten to behead him. In Dead Shot, Swanson faces his most deadly enemy yet, a legendary enemy sniper working with a fringe Islamic organization that has created a terrifying new weapon of mass destruction. In Clean Kill, an attempt at a new peace in the Middle East is shattered by an unknown attacker, and only Swanson can find out who's responsible.

Sniper Training FM 23-10: OFFICIAL U.S. Army Field Manual 23-10 (Sniper Training) Department of the Army,2018-09-14 The United States Army sniper is a specially selected volunteer highly trained in advanced marksmanship and fieldcraft skills. He can support special operations missions and is able to engage selected targets from concealed positions at ranges and under conditions that are not possible for the normal rifleman. The sniper's skill acts as a force multiplier, where the mission is two-fold: (1) to eliminate high-value tactical targets on the battlefield, and (2) act as observer gathering intelligence. Field Manual 23-10 provides doctrinal guidance on the mission, personnel, organization, equipment, training, skills, and employment of the Sniper. This manual is intended for use by commanders, staffs, instructors, and soldiers at training posts, United States Army

The Sniper Encyclopaedia John Walter,2019-02-28 The Sniper Encyclopaedia is an indispensable alphabetical, topic-by-topic guide to a fascinating subject.It is intended as a companion volume to John Walter's Snipers at War (Greenhill Books, 2017) and is another addition to the Greenhill Sniper Library which includes a series of first-person memoirs.This is a comprehensive work that covers virtually every aspect of sniping. The work contains personal details of hundreds of snipers, including world-renowned gurus such as Vasiliy Zaytsev and Chris Kyle as well as many crack shots generally overlooked by history. Among them are some of more than a thousand Red Army snipers, men and a surprising number of women, who amassed sufficient kills to be awarded the Medal for Courage and, later, the Order of Glory. Some of the best-known victims of snipers are identified, and the veracity of some of the most popular myths is explored.The book pays special attention to the history and development of the many specialist sniper rifles - some more successful than others - that have served the world's armies since the American Wars of the nineteenth century to today's technology-based conflicts. Attention, too, is paid to the progress made with ammunition—without which, of course, precision shooting would be impossible and the development of aids and accessories, from camouflage clothing to laser rangefinders.Finally, The Sniper Encyclopaedia examines place and specific campaigns - the way marksmen have influenced the course of the individual battles and locations which have played a crucial part in the history of sniping, from individual sites to sniper schools and training grounds.The book contains authors' biographies, a critical assessment of the many books and memoirs from the world of the sniper, and a guide to research techniques.

Sniper's Honor Stephen Hunter,2014-05-20 In this tour de force—part historical thriller, part modern adventure—from the New York Times bestselling author of I, Sniper, Bob Lee Swagger uncovers why World War II's greatest sniper was erased from history...and why her disappearance still matters today. Ludmilla “Mili” Petrova was once the most hunted woman on earth, having raised the fury of two of the most powerful leaders on either side of World War II: Joseph Stalin and Adolf Hitler. But Kathy Reilly of The Washington Post doesn't know any of that when she encounters a brief mention of Mili in an old Russian propaganda magazine, and becomes interested in the story of a legendary, beautiful female sniper who seems to have vanished from history. Reilly enlists former marine sniper Bob Lee Swagger to parse out the scarce details of Mili's military service. The more Swagger learns about Mili's last mission, the more he's convinced her disappearance was no accident—but why would the Russian government go to such lengths to erase the existence of one of their own decorated soldiers? And why, when Swagger joins Kathy Reilly on a research trip, is someone trying to kill them before they can find out? As Bob Lee Swagger, “one of the finest series characters ever to grace the thriller genre, now and forever” (Providence Journal-Bulletin), races to put the pieces together, Sniper's Honor takes readers across oceans and time in an action-packed, compulsive read.

Hunters Milo S. Afong,2010-06-01 In the War on Terror, there are no set battles. The fanatical enemy adheres to no warrior code or international law. Their only desire is to kill—or be killed. That's where the snipers of the U.S. Marines, Army, and Navy SEALs come in . . . Here, in their own words, are the compelling true stories of the snipers whose sole purpose is to eliminate the enemy with a single bullet. From Iraq to Afghanistan, this is life and death as seen through the scope of a high-powered rifle. These snipers' stories illustrate the mental discipline and psychological strength that they must possess to accomplish their missions, the effect a sniper's skill and reputation has on the enemy, and how they deal with the stark reality of their work after the target is neutralized—and after a sniper returns to civilian life. Part wartime chronicle, part psychological exploration of the warrior mind, and part exposé into a secretive brotherhood of military snipers, Hunters is a must-read for anyone who wants to learn the truth about war when it's fought one kill at a time. Includes photographs

The Sniper Encyclopaedia John Walter,2019-08-23 A complete guide to snipers, rifles, techniques, battles, and campaigns throughout history and around the world, by the author of The Hand Gun Story. The work features hundreds of snipers, including not only the best-known—world renowned gurus such as Vasiliy Zaytsev and Chris Kyle—but also many crack shots overlooked by history. Among them are some of more than a thousand Red Army snipers—men and women, who amassed sufficient kills to be awarded the Medal for Courage and the Order of Glory. Also included are some of the best-known sniper victims, and the veracity of the most popular myths. The book thoroughly examines the history and development of the many specialist sniper rifles—some more successful than others—that have served the world's armies from the nineteenth-century American Wars to today's technology-based conflicts. Attention, too, is paid to the progress made with ammunition—without which, of course, precision shooting would be impossible. The development of aids and accessories, from camouflage clothing to laser rangefinders, is also considered. Finally, The Sniper Encyclopedia examines significant locations and specific campaigns—the way marksmen have influenced the course of

the individual battles and places which have played a crucial part in the history of sniping, from individual sites to sniper schools and training grounds. The book contains authors’ biographies, a critical assessment of the many books and memoirs on the world of the sniper, and a guide to research techniques. “A remarkable work of research and an endless treasure trove of information for anyone with an interest in the subject.” —Martin Pegler, author of Out Of Nowhere: A History of the Military Sniper

Sniper's Song Georg Edvard Mateos,2009

Sniper Elite: One-Way Trip Scott McEwen,Thomas Koloniar,2013-06-04 In direct defiance of the President's orders, Navy Master Chief Gil Shannon, one of Americas most lethal SEAL snipers, launches a bold mission comprised of SEAL Team Six and Delta Force fighters to free a captured female helicopter pilot being held by Taliban insurgents in Afghanistan--Dust jacket flap.

Decoding **Sniperv 69857**: Revealing the Captivating Potential of Verbal Expression
