Most Dangerous Race, The #5 Chase Wheeler,2008-03-13 During the Big Alpine Race, Speed Racer goes head-to-head against the amazing Car Acrobatic Team and the evil Capt. Terror. Both opponents plan on winning at all costs

Bonneville's Women of Land Speed Racing “LandSpeed” Louise Ann Noeth,2021-07-12 At Bonneville, record holders must first earn the right to present themselves on the starting line. This requires passing rigorous safety and technical checks for driver, rider, and speed machine. Gender is inconsequential. Through the years, more than 200 women have made the cut and donned fireproof clothing and helmets. Dozens have set land speed records--35 in excess of 200 miles per hour, six above 300 miles per hour, and one deaf female racer who roared past 500 miles per hour. Equally impressive are the women who helped propel the helmeted gals into glory. Few know how many women are skilled fabricators, mechanics, crew chiefs, and all-round land speed racing experts, all working out on a brutal, merciless, and barren sodium-soaked playa. And for decades dedicated volunteers have not only put down that all-important starting line but erected a speed village that inspired tens of thousands to visit, taunting the timing lights run after run. Since 1949, women have played an integral part. Without question, land speed racing has more women actively participating and setting records than any other segment of motorsports in the world.

Speed's dream comes true when he is asked to join Royalton Industries' racing team. However, when Speed gets a glimpse into the corrupt side of racing, he turns Royalton, the owner of the team, down. But if Royalton can't have Speed on his team, he vows to ruin Speed's career. So Speed teams up with his one-timerival-the mysterious Racer X-to try to defeat Royalton. Will Speed and Racer X survive a death-defying, cross-country rally to save the sport they both love so dearly?

Ultimate Speed Samuel Hawley,Craig Breedlove,2018-10-02 An L.A. hot rodder with a high school education, a family to support and almost no money, Craig Breedlove set out in the late 1950s to do something big: harness the thrust of a jet in a car. With a growing obsession that would cost him his marriage, he started building in his dad's garage. The car's name: Spirit of America. Through perseverance and endless hard work, Craig completed Spirit and broke the land speed record on the Bonneville Salt Flats, setting a new mark of 407 mph in 1963. In the early 1970s he turned to rockets and set an acceleration record at Bonneville that stands to this day. He built a jet car in the 1990s, Spirit of America-Sonic Arrow, to go head-to-head against Britain's ThrustSSC to be the first to Mach One. Craig's subsequent crash at 675 mph remains the fastest in history. Even today, at the age of 80, he is going strong with plans for yet another Spirit of America racer. The ultimate goal: 1,000 mph. Ultimate Speed is the authorized biography of Craig Breedlove, a candid revelation of one of motorsports' most interesting figures based primarily on countless hours of interviews with Craig and dozens of people connected to his life.

Need for Speed Brian Kelleher,2014-02-25 Buckle up . . . Tobey Marshall is a mechanic struggling to save his family-owned garage. While he and his team skillfully build and race muscle cars on the side, it's not enough to keep the doors open. He reluctantly partners with his longtime rival, a wealthy, arrogant ex-professional racer, Dino Brewster. But just as a major sale to car broker Julia Bonet looks as though it will save Tobey's business, a disastrous, unsanctioned race results in Dino framing Tobey for manslaughter. Two years later, Tobey is fresh out of prison and eager for revenge. To take Dino down, he plans to enter the high-stakes De Leon race—the biggest contest of underground racing in the world—to get the money to reclaim his family business and expose Dino's deception. But getting there won't be easy, as Tobey must run a high-octane, pedal-to-the-floor gauntlet, dodging cops coast to coast and dealing with fallout from a dangerous bounty on his car. Luckily, with his team—and the surprisingly resourceful Julia—on his side, he just might defy the odds . . .
