**Shattering the Ley** Joshua Palmatier, 2015-07-07 First book in Joshua Palmatier's new epic fantasy trilogy, set in a sprawling city of light and magic fueled by a ley line network. Erenthrall—sprawling city of light and magic, whose streets are packed with traders from a dozen lands and whose buildings and towers are grown and shaped in the space of a day. At the heart of the city is the Nexus, the hub of a magical ley line system that powers Erenthrall. This ley line also links the city and the Baronial plains to rest of the continent and the world beyond. The Prime Wielders control the Nexus with secrecy and lies, but it is the Baron who controls the Wielders. The Baron also controls the rest of the Baronies through a web of brutal intimidation enforced by his bloodthirsty guardsmen and unnatural assassins. When the rebel Kormanley seek to destroy the ley system and the Baron's chokehold, two people find themselves caught in the chaos that sweeps through Erenthrall and threatens the entire world: Kara Tremain, a young Wielder coming into her power, who discovers the forbidden truth behind the magic that powers the ley lines; and Alan Garrett, a recruit in the Baron's guard, who learns that the city holds more mysteries and more danger than he could possibly have imagined . . . and who holds a secret within himself that could mean Erenthrall's destruction -- or its salvation.

**S. T. A. L. K. E. R. Southern Comfort** John Mason, 2011-09-02 To outsiders, the former USSR is always been a place where everything is strangely different. All the more so in the Exclusion Zone around the ill-fated Chernobyl power plant, where after a secret experiment went wrong in 2006, the laws of physics are bent and mysterious phenomena manifest. In 2011, another Zone is apparently created after Al-Qaeda detonated nukes in Afghanistan. Ukrainian authorities send a research team to verify the claims. The scientists go missing and a search and rescue operation is launched. For Mikhailo Tarasov, officer in the armed forces who desperately try to contain the Exclusion Zone, this mutant-infested wilderness is his home turf. But when he sets out on his mission into the New Zone, he soon finds himself facing perils he has never encountered before. His mission becomes a struggle against evil permeating the wastelands, confronted with the shadows of the country's troubled history at each step. Tarasov is aided by unlikely allies - outcasts, adventurers, renegade US Marines and a mysterious woman who appears to be the keeper of dark secrets. But beyond all the perils, the ultimate danger awaits: betrayal. The noir, post-apocalyptic narrative of *S.T.A.L.K.E.R.: Southern Comfort* goes is a contemporary voyage into the heart of darkness, where not only the laws of physics are bent but the rules of the outside world as well. This is an alternative reality where outcasts prevail, the oppressed take revenge and the faithful revolt. Whatever power had created the Zone, it has outsmarted us and it has happened again. You will look at the New Zone with fresh eyes... like Strelok did here when everything began. Major Alexander Degtyarev, 2014

*This I Know* Eldonna Edwards,2018-04-24 A luminous novel of a powerfully intuitive young girl's coming-of-age in a small, Midwest town in the late 1960s. Eleven-year-old Grace Carter has a talent for hiding things. She's had plenty of practice, burying thoughts and feelings that might anger her strict Evangelical pastor father, and concealing the deep intuition she carries inside. The Knowing, as Grace calls it, offers glimpses of people's pasts and futures. It enables her to see into the depth of her mother's sadness, and even allows Grace to talk to Isaac, her twin brother who died at birth. To her wise, loving Aunt Pearl, the Knowing is a family gift; to her daddy, it's close to witchcraft. Grace can't see into someone's thoughts without their permission. But it doesn't take her special talent to know that her small community is harboring its share of secrets. A young girl has gone missing. Within Grace's own family too, the cracks are widening, as her sisters Hope, Joy, and Chastity enjoy the normal life that eludes Grace. It's Grace's kinship with other outsiders that keeps her afloat—Lyle, a gentle, homeless man, and Lola, a free-spirited new girl at school. But when her mother lapses into deep depression after bringing home a new baby, Grace will face a life-changing choice—ignore her gift and become the obedient daughter her father demands, or find the courage to make herself heard, even if it means standing apart... "A heartfelt and beautifully crafted coming-of-age debut...Don't miss this one."—Lesley Kagen, New York Times bestselling author

Benton End Remembered Gwenneth Reynolds,Diana Grace,2017-07-19 When Cedric Morris and Arthur Lett-Haines opened The East Anglian School of Painting and Drawing in Dedham, Essex, in 1937 they were both established artists with international reputations...Their idea was to set up an art school which would provide an alternative to the formal courses offered by the art schools in the metropolis. The aim, as expressed in the school's brochure, was to provide 'an environment where students can work together with more experienced artists in a common endeavour to produce sincere painting.' The emphasis was on encouraging freedom of invention, enthusiasm, and enjoyment, with the assumption that the student 'believes himself to have a clear idea of creative work and requires help only in its production'...The extracts which form the text of this book are based largely on conversations with our contributors which took place during the years 1998 and 1999. Articles, extracts from an autobiography and a diary are also included. They comprise the affectionate memories of a few of those who knew and loved Benton End and its two gifted and hospitable hosts. -- from the Introduction.

*Housing New York 2.0* ,2017 Since Mayor de Blasio launched the Housing New York Plan in 2014, New York City has accelerated the construction and preservation of affordable housing to levels not seen in 30 years. We are on track to secure more affordable housing in the first four years of the Administration than in any comparable period since 1978. The City has tripled the share of affordable housing for households earning less than \$25,000. Funding for housing construction and preservation has doubled, as have the number of homes in the City's affordable housing lotteries each year.

Hundreds of once-vacant lots have affordable homes rising on them today. Reforms to zoning and tax programs are not just incentivizing, but mandating affordable apartments—paid for by the private sector— in new development. --Page 4.
