Eileen Drew, Siobhán Canavan

The Gender-Sensitive University Eileen Drew, Siobhán Canavan, 2020-07-09 The Gender-Sensitive University explores the prevailing forces that pose obstacles to driving a gender-sensitive university, which include the emergence of far-right movements that seek to subvert advances towards gender equality and managerialism that promotes creeping corporatism. This book demonstrates that awareness of gender equality and gender sensitivity are essential for pulling contemporary academia back from the brink. New forms of leadership are fundamental to reforming our institutions. The concept of a gender-sensitive university requires re-envisioning academia to meet these challenges, as does a different engagement of men and a shift towards fluidity in how gender is formulated and performed. Academia can only be truly gender sensitive if, learning from the past, it can avoid repeating the same mistakes and addressing existing and new biases. The book chapters analyse these challenges and advocate the possibilities to 'fix it forward' in all areas. Representing ten EU countries and multiple disciplines, contributors to this volume highlight the evidence of persistent gender inequalities in academia, while advocating a blueprint for addressing them. The book will be of interest to a global readership of students, academics, researchers, practitioners, academic and political leaders and policymakers who share an interest in what it takes to establish gender-sensitive universities. This book is available for free in PDF format as Open Access from the individual product page at www.routledge.com. Dark Hope David Shulman, 2011-08-22 For decades, we've been shocked by images of violent clashes between Israelis and Palestinians in the West Bank and Gaza. But for all their power, those

images leave us at a loss: from our vantage at home, it's hard for us to imagine the struggles of those living in the midst of the fighting. Now, American - born Israeli David Shulman takes us right into the heart of the conflict with *Dark Hope*, an eye - opening chronicle of his work as a member of the peace group Ta'ayush, which takes its name from the Arabic for "living together." With *Dark Hope*, Shulman has written a book of deep moral searching, an attempt to discover how his beloved Israel went wrong - - and how, through acts of compassionate disobedience, it might still be brought back.

The Independent Woman Simone De Beauvoir, 2018-11-06 "Like man, woman is a human being." When *The Second Sex* was first published in Paris in 1949—groundbreaking, risqué, brilliantly written and strikingly modern—it provoked both outrage and inspiration. *The Independent Woman* contains three key chapters of Beauvoir's masterwork, which illuminate the feminine condition and identify practical social reforms for gender equality. It captures the essence of the spirited manifesto that switched on light bulbs in the heads of a generation of women and continues to exert profound influence on feminists today.

Gender Based Violence in University Communities Anitha, Sundari, Lewis, Ruth, 2018-06-27 Until recently, higher education in the UK has largely failed to recognise gender-based violence (GBV) on campus, but following the UK government task force set up in 2015, universities are becoming more aware of the issue. And recent cases in the media about the sexualised abuse of power in institutions such as universities, Parliament and Hollywood highlight the prevalence and damaging impact of GBV. In this book, academics and practitioners provide the first in-depth overview of research and practice in GBV in universities. They set out the international context of ideologies, politics and institutional structures that underlie responses to GBV in elsewhere in Europe, in the US, and in Australia, and consider the implications of implementing related policy and practice. Presenting examples of

innovative British approaches to engagement with the issue, the book also considers UK, EU and UN legislation to give an international perspective, making it of direct use to discussions of 'what works' in preventing GBV.
