The Law The Law Library

Calcium Signalling and Disease Ernesto Carafoli, Marisa

Brini, 2007-09-29 Authors highlight several promising discoveries in the field of calcium signaling that provide new information about both genetic and acquired pathologies. Their discussions will give you new insights into the underlying causes of congenital and acquired diseases and point the way to new, even more promising research and therapies.

Killer Company Matthew Peacock, 2009 Rips the cloak of secrecy from one of the greatest corporate scandals in Australia's history. Painstaking research, involving newly discovered documents and interviews with over 100 former employees and other key figures, reveals in stark detail how the company subverted the institutions designed to protect ordinary citizens.
