Amazing South Carolina ,2020-05-12 Amazing South Carolina: A Coloring Book Journey Through Our 46 Counties is a delightful, one-of-a-kind book designed to engage youngsters and adult coloring book enthusiasts in learning about the unique character of our nation's eighth state. Every county in South Carolina is featured with an appealing illustration of its iconic and lesser-known sites--historical, geographical, topographical, industrial and commercial, and more. Companion text identifies and provides context for the pictured elements. The book provides a comprehensive educational snapshot of all that is special about the Palmetto State. From the colonial plantations of the Upstate to the picturesque marshes of the Lowcountry and the lazy Edisto River meandering its way through the state; from big cities like Columbia and Greenville to the vibrant coastal communities of Charleston and Beaufort, South Carolina is as beautiful and historic as it is diverse. Amazing South Carolina highlights that diversity and celebrates some of Laura Murray's favorite discoveries around the state.

Transportation Amid Pandemics Junyi Zhang,Yoshitsugu Hayashi,2022-09-18 Transportation Amid Pandemics: Practices and Policies is the first reference on pandemics (especially COVID-19) in the context of transport, logistics, and supply chains. This book investigates the relationships between pandemics and transport and evaluates impacts of COVID-19 and effects of policy responses to address them. It explores how to recover from pandemics, reveals governance for immediate policy responses and future innovations, suggests strategies for post-pandemic sustainable and resilient development, shares lessons of COVID-19 policymaking across countries, and discusses how to transform transport systems for a better future. Transportation Amid Pandemics offers transport researchers and policymakers the scientific evidence they need to support their decisions and solutions against pandemics. Curiosity and research brought me to discover an excellent handbook covering the relations between COVID 19 and the transport reality. It is called Transportation amid Pandemics –Lessons Learned from COVID-19 and has been published this year. 2022 happens to be the year of

the 50th anniversary of the first report to The Club of Rome The Limits to Growth.
